ABLCD Delegates' Edition

ABLDC DIGITAL is THE NEXT LEVEL

Connect up faster, more effectively than ever before.

This July 7th, we'll begin **ABLDC 2020 DIGITAL** and no matter what you've experienced before, you're about to take **Networking to the Next Level**.

From the opening minutes, you'll be in a fast-paced environment where all you have to do is click to be **connected digitally to any speaker** on the ABLDC stage.

And, you're a part of the **DigestConnect Community**. You can connect to any delegate via **Private Messages**. Or seek out other delegates and interact directly with them.

Or, join **DigestConnect Groups** as part of ABLDC Digital where you can meet like-minded people on a topic that is important to you, and connect up, share content, debate ideas and gain opportunities.

You'll be able to experience ABLDC at the time **convenient to you**. We'll be streaming live in the **Americas**, **Europe** and **Asia** in normal business hours in each region.

Plus, we'll **repeat** ABLDC the week of July 13 and 20, in case you missed anything.

And, you can access every presentation **on-demand** through March 2021 via **BioChannel.TV**.

As an ABLDC delegate, you'll have **exclusive content** and **networking tools**.

You'll be joined for Global Connect sessions by a live worldwide audience via BioChannel.TV. You'll be enjoying ABLDC via our AnyMeeting platform where you can **interact via chat** or by **requesting to connect**. You get more!

Sometimes, you just **want a space** where you can sample ideas, check out trends, say hello, connect and re-connect more informally. So, join our Zoom-based **Daily Digest Lounge** on July 7th, 8th and 9th at 12 ET and 430 ET. If you've requested to connect to a speaker in our marked **CONNECTION Presentations**, you'll be invited to our Zoom-based **VIP Lounge** for **person-to-person** interaction.

Yes, we have **slides**. Some 1600 of them, And you'll have access to all of them as an ABLDC delegate. Those will be distributed the week of July 13th. And you'll have exclusive access to **ABLDC EXHIBIT** sites to learn more about advanced technology.
